

WE DELIVER

EMERGENCY SERVICE

We have a small but dynamic, experience team who are available 7 days a week, 24 hours a day to deal with any emergencies as they come up.

ENTERPRISE

Advanced integration of enterprise services are no longer only for large companies. We have worked with 100s of enterprise systems, including custom built frameworks.

FULL-SERVICE

We provide a full range of services, designed to propel your business forward, including initial concept, deployment, hosting, and online marketing campaigns.

BUILDING APPLICATIONS SUCCESS AND RELATIONSHIPS

WE BUILD

TAKING YOUR IDEAS AND MAKING THEM A REALITY

Established in 1997, e-dimensionz has been building professional websites and applications for over 20 years. We develop for Web and Mobile platforms, Enterprise Web Applications, CMS Frameworks, Mobile Applications, and Open Source Technology. We also specialize in many CMS / e-Commerce Frameworks such as Joomla, WordPress and PrestaShop to name a few.

CUSTOM PLUGIN? CUSTOM THEME? MAINTENANCE? SECURITY FIXES?

We have you covered. e-dimensionz has a solution that will fit your need, timeline and budget. Give us a call today.

OUR MARKETS

BUSINESS OWNER

Push your ideas to production. We offer many solutions that will fit your specific need, timeline, and budget.

AGENCY / CORPORATE

Are you looking for a development team to support and expand your range of services? We fit that bill. Our diverse team of creative, technical and strategic minds will offer support with concept development and implementation.

NOT-FOR-PROFIT

If you are a registered charity, contact us to learn how we can help voice your message with your budget constraints.

OUR SERVICES

WEB DEVELOPMENT

We have a dedicated experienced and skilled in-house team of developers specializing in backend and frontend development. We love a challenge!

WEB DESIGN, UI/UX DESIGN

We can create a custom design or convert your PSD to pixel-perfect, W3C compliant HTML5 website or CMS theme.

SEO & ONLINE MARKETING

A practical, results-driven SEO strategy will deliver more visitors to your website.

MOBILE APPLICATIONS

We can build a complete mobile application tailored to your requirements on the major mobile platforms.

WEB HOSTING

Shared, VPS, Dedicated Cloud

We offer a variety of web hosting plans to meet your specific needs including Shared, VPS, Dedicated and Cloud Hosting. All our servers are PCI Compliant + include cPanel + SSL (Let's Encrypt!)

MOBILE APPLICATIONS

We can build a complete mobile application tailored to your requirements on the major mobile platforms.

WEBSITE MAINTENANCE & SUPPORT

Ongoing help and maintenance for all your web projects. We're always on hand to help you.

OUR PROMISE

6 MONTH WARRANTY ON DEVELOPMENT SERVICES

If you find any errors on your website / application in the first 6 months after launch caused by an error on our part, we will fix the problem at no extra cost. Or, if any aspect of your project does not function as requested, we will continue to work to develop it at no additional cost or refund the cost for that section in full. This means that you only pay for the results you receive.

IN-HOUSE DEVELOPERS & NO OUTSOURCING

We never outsource our work. All our projects are managed by our own in-house teams.

UP-TO-DATE TECHNOLOGIES

We will always deliver innovative products and state-of-the-art technologies that meet the ever-changing requirements of our customers.

COMPETITIVE PRICING & NO HIDDEN FEES

We have deliberately kept our prices at an affordable level to provide affordable solutions without sacrificing on the features or qualities of our service. All project costs will be confirmed upfront. We will only work within your verified specifications. If you add new features, we will first provide you with a detailed quote before any work is started.
